\$2275.00 plus tax

PLEASE NOTE: Wedding albums are photographers choice of photos. These are not family albums where you normally would place a variety of family members inside. (Except as noted) They are a timeline of events highlighting your special day. Historically, we try to include a selection of ceremonial pictures ie... start, escort, first dance, bouquet and garter toss, toast etc... I will include one (1) favorite photo if the couple request. Anything other than this will incur an additional design fee. Pages start at \$5.95 for one side.
